SCENES FROM THE HOMECOMING PARADE

Change, in a generalistic sense, is a state of mind, place or condition. Some of us welcome change while others resist it. Nevertheless, good or bad it must occur. However, what is important is our attitude toward the change. The Utica Campus holds steadfast to its tradition of progress and productivity. We sift through what we have and make what we want. We dig through the wrong and cultivate that which is right. We seek the unchallenged and instills motivation. We challenge the doubtful to experience—A NEW ATTITUDE.

AFRI PRODUCTION

The fall assembly and Lyceum presentation of Afri Production was a show stopper for the hundreds of students and faculty, who attended the mid-day bonanza. The presentation of BROADWAY STRUTTERS captivated the packed audience for nearly an hour. The New York group left the audience desiring more but yet having too much to digest.

OPERA SOUTH

Opera/South was formed in 1971 by Jackson State University, Tougaloo, and Utica Junior College to offer students the opportunity of appearing in professional productions and to provide a showcase for young professional singers just starting their careers. Utica's participation in the highly promised Opera/South chorus has extended to all the company productions, with the exception of the two one-act presentations that opened the 1972 fall season. The music students have not missed a single performance from participating in the chorus since the present choir director, Dr. Bobby G. Cooper, took over the post. Additionally, numerous minor roles at various times have been sung by the Utica students.

This year's opera featured several Utica Campus Students. Patricia Rudd, (right) awakens from her nap. She played the part of a gingerbread girl.

THANKSGIVING PROGRAM

This was the annual Thanksgiving Dinner for employees of the Utica Campus and Hinds Agricultural High School. The theme was "On Being Grateful."

Dr. Eugene Gaston was master of ceremonies for the Thanksgiving Dinner.

Rev. Johnny Barbour, Jr., pastor of the Pearl Street A.M.E. Church, in Jackson, was the guest speaker for this annual event.

The Utica Campus Choir presented "Praise Him," with Giovonna Alexander, (center) as the leader. Giovonna is pictured with two other memebers of the choir, Debra Mays and Bobby Grant.

RELIGIOUS EMPHASIS WEEK

The Campus Ministry celebrated the Annual Religious Emphasis Week on November 23-25. Mrs. Jane Stanton (right), health educator, State Department of Health, was guest speaker. Mrs. Stanton gave a helpful slide presentation to increase the awareness of the deadly disease AIDS.

Tougaloo Choir song stirring gospels as a part of the Religious Emphasis Week celebration.

CHRISTMAS WITH THE CHOIR

The Utica Campus choir under the direction of Dr. Bobby Cooper, presented its annual winter concert. The choir drew rave reviews. They performed an array of Christmas carols, spirituals, classicals and gospels. Choir members are (left to right) Camelia McNeal, Patricia Rudd, Giovonna Alexander, Debra Mays, Sharlette Lott, Tyrone Crawford, Bobby Grant, Eddie Epps, Luanna Williams, Trinia Jennings, Laverne Washington, Deborah McCornell, Tanya English and Arlene Erves.

(above right) Reneeters Pope awed the crowd with Adolphe Adams' O Holy Night while Dr. Cooper gets the audience involved in singing Christmas carols.

WHITE DRESSES

CAST OF CHARACTERS

Granny McClean (old Negro woman) ..... Aretha Barber
Mary McClean (her granddaughter) ..... Arlene Erves
Jim Matthews (in love with Mary) ..... Samuel Banks
Henry Morgan (the white landlord) ..... Richard White

The setting was the evening before Christmas somewhere in the southern United States.

Mary's mother was given a white wedding dress, got pregnant and died in child birth. Granny kept the dress for Mary. Mary fell in love with Henry Morgan's son who wanted to marry Mary and had given her a white wedding dress. Henry Morgan protested and threatened to evict Mary and her grandmother if she did not marry Jim instead of his son. For that reason, Mary agreed only to find out that Henry's real reason was because he too fell in love and impregnated a Black girl some 18 years earlier. She was Mary's mother.

I T ' S G R A D U A T I O N

All of the graduates are joined to attend their ceremony.

Jewel thinks about what life has planned for her.

Graduation is a time that makes most family members, friends, and graduates feel as if something has been accomplished. Graduation is one giant step on the road to total independence and success. With most things there is the good and the bad. Leaving friends that you have acquired over the years, and the repore that you have established with the faculty and administrators, to name a few. These are the memories that linger tenderly in your heart. One of the most popular songs was FUTURE GENERATION, because the class of 1987 will be a part of our future. After graduation you come to a road which will determine many things in the years ahead; your career, job placement, your place in society, and your earning power. For those who are graduating from high school, you have a choice to further your education, join the service or find a job. Congratulations to all. You've come a long way.

T I M E

Vice-President J. Louis Stokes congratulates the graduates before the ceremony begins.

Irish reminisces of days gone by as she looks to the future.

Constantly encouraging students to graduate, Vice President Stokes performs his final graduation ceremony. He retires after 29 years.

Dr. William Butts, Director of post secondary relations, U.S. Department of Education, was the guest speaker.

Having a solid foundation makes for a steady construction. The foundation to a productive life, outside of love for one's fellowman, is being well educated and skilled. The small price that one pays is interest-interest in classroom assignments, interest in learning, interest in being a role model for others, interest in the future, as well as interest in living a wholesome and rewarding life. The Utica Campus curricula is diverse in its offerings. With interest, it prepares one to transfer to a senior college, to go directly into the work force, to update skills and knowledge, to enhance strengths, to minimize weaknesses, and to offer hope.

With 56 academic, vocational, and technical programs of study, we hope that Utica can interest individuals in its offerings. Also through the Vocational Technical Department, GED classes and the GED test are offered. Utica further offers, through its Continuing Education Department, classes within the communities of Hinds, Rankin, Warren, Claiborne, and Copiah counties. We deliver our services to the working class of people. For those who can not afford to leave home, Utica offers the Dial-A-Teacher Program through which the students can call for lessons. Afterall, education is continuous.

Utica tries to satisfy the needs of the young, old, employed, underemployed, and the interested. A commitment to the total development of the human potential is what the faculty, staff and administration of the Utica Campus take as priority. Students helping themselves to our many offerings is the first step. Preparing themselves for the educational help that is offered is step two and step three is INTEREST. The Utica Campus challenges anyone to take three steps and the world will truly become an open book.

ACADEMIC

TECHNICAL

VOCATIONAL

ACADEMICS

Let's work individually, Angela, not together!

Dr. Jackson explains the assignment to Charles as Carol looks on. Ricky needs no help.

Edith hurriedly scribbles down what she finds on the microscope slide before she loses it again!

James lends Carolyn a helping hand on her experiment

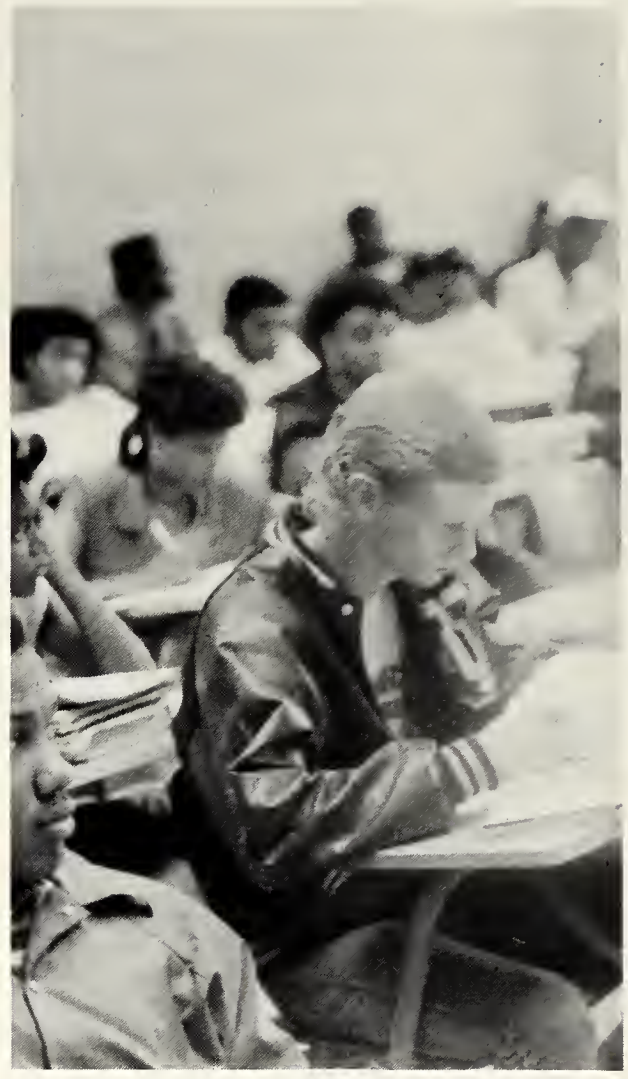
Everyone except Shalette seems to be interested in Mr. Berry's lecture. She prefers to go to sleep.

Yolanda, Theresa, Tabitha, and Roma work diligently on their assignments.

Sam has a mischievous look as he prepares to make his own solution.

SEEKING KNOWLEDGE

These students use their free time studying.



Students take a last look before the test is distributed.

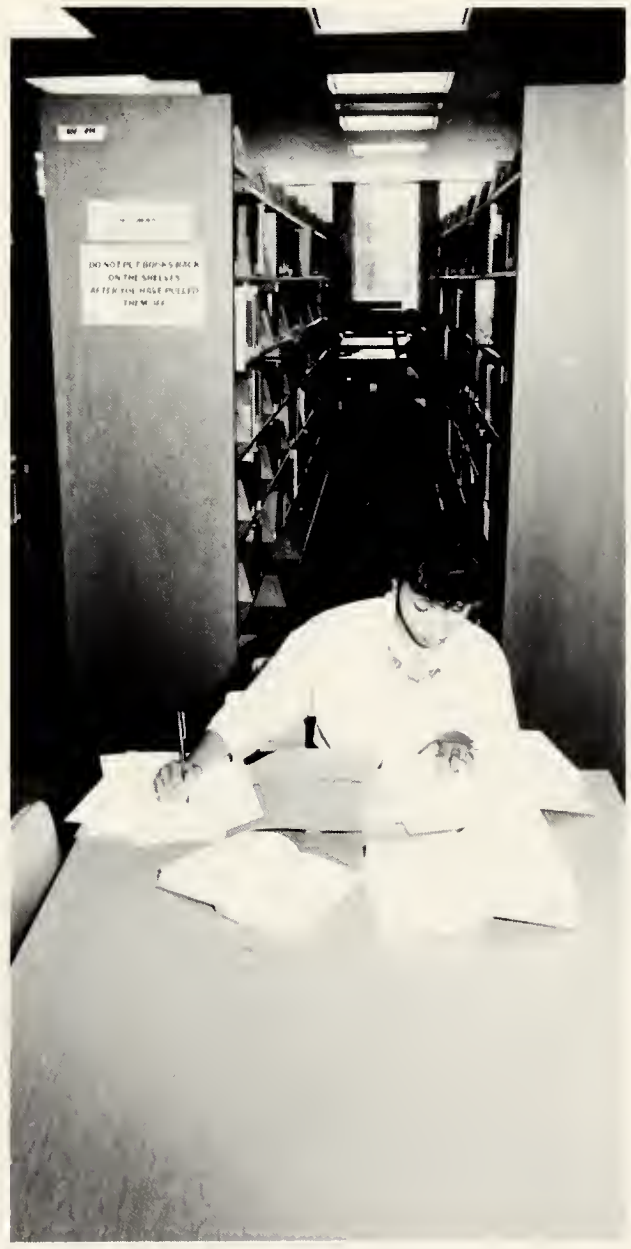
Mr. Darbandi explains the completion of the Accounting Cycle.

Students in Mrs. Jackson's class learn about pre-school behavior.

Tyrone observes Debra as she practices on her music piece.

Dr. Haynes explains the difference between diffusion and osmosis.

Dr. Johnson explains the principles of positive and negative numbers.



Silence makes for good concentration.

TECHNICAL

Child Care majors work with students.

CHILD CARE

Nursery children play with cash registers.

COMPUTER SCIENCE

Charles says it is easy to learn to use the computer.

Tonya works on her program in Computer Science class.

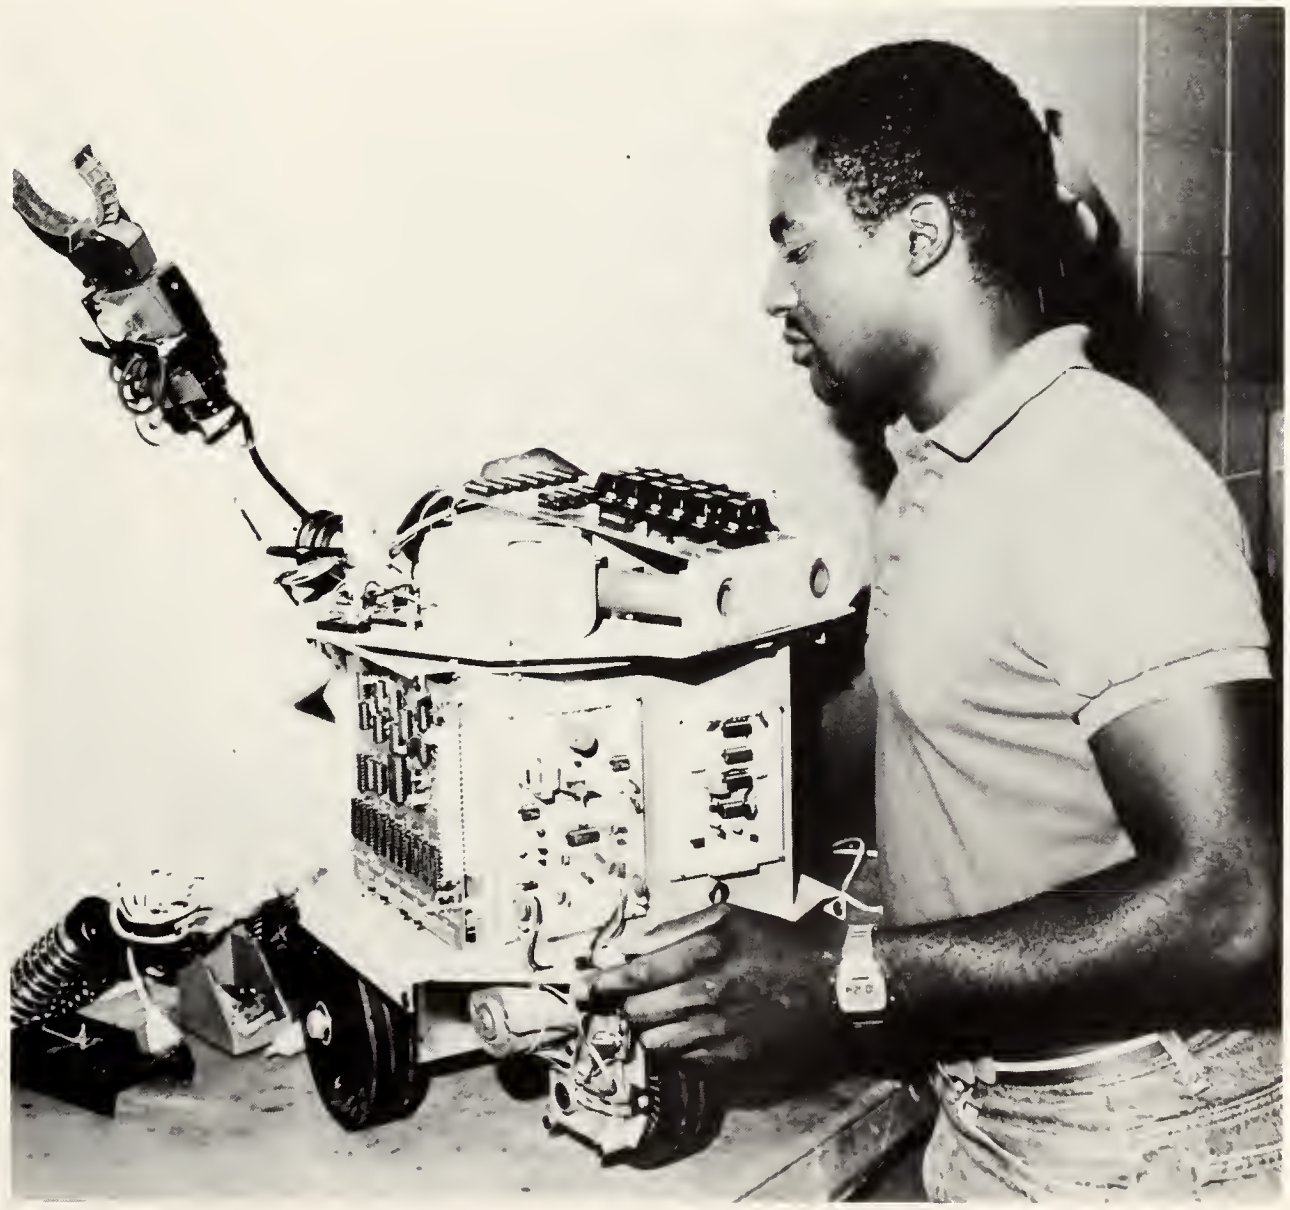
DRAFTING

Guy has to make his angles consistent.

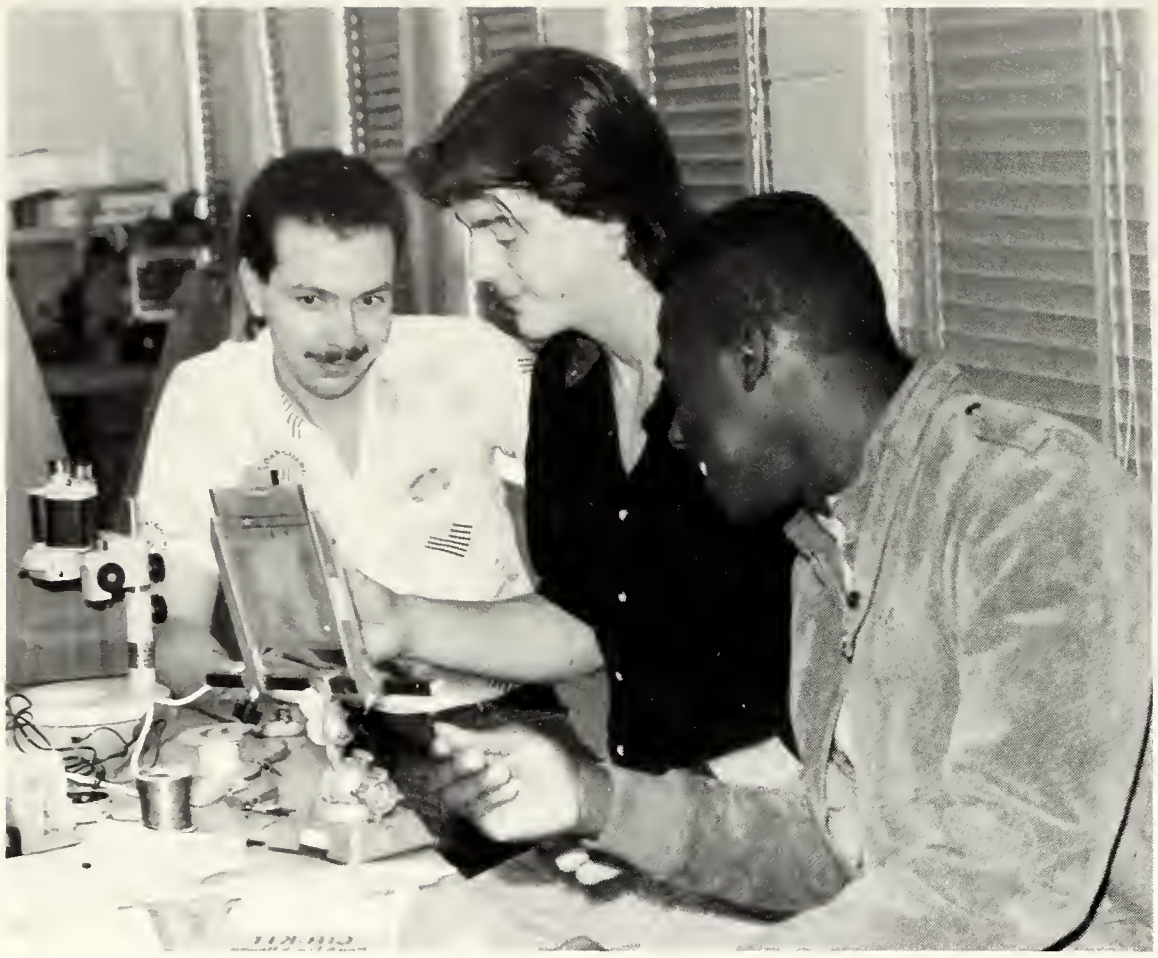
Learning drafting takes concentration.

ELECTRONICS

Steve and Bobby design the P.C. board.



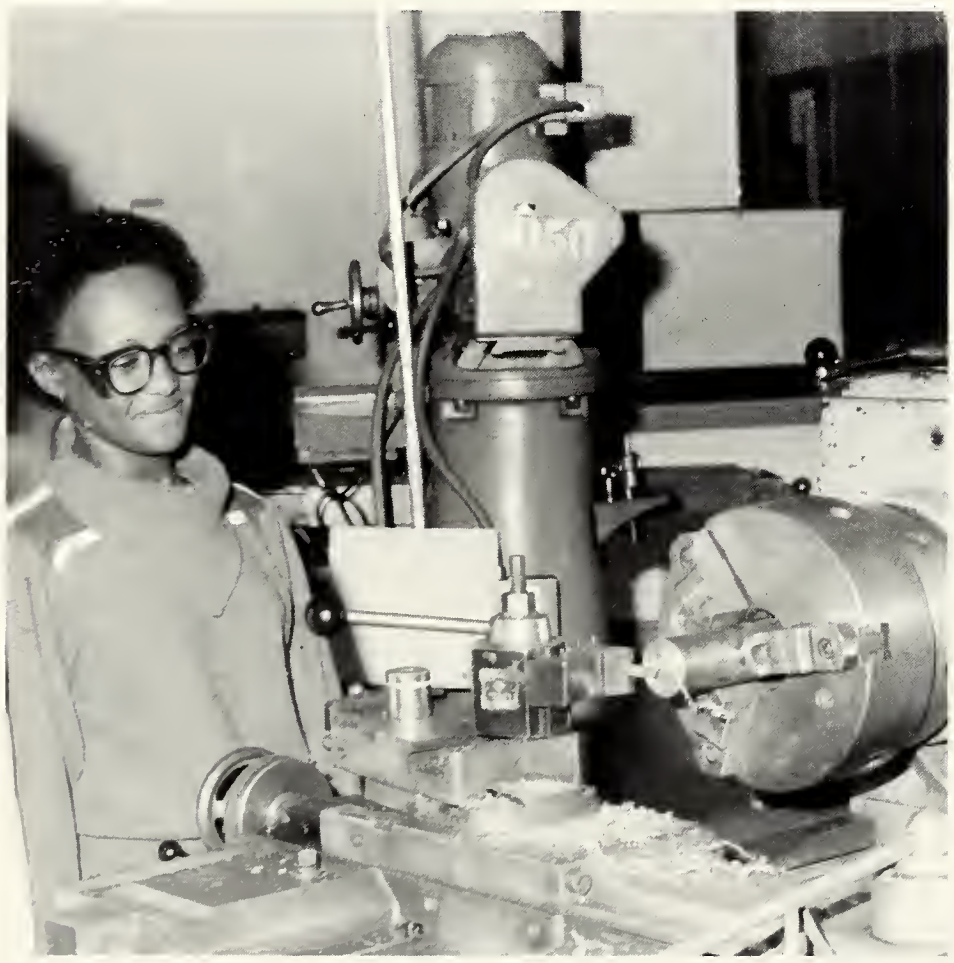
Ronald programs the robot in his electronics class.



Dewayne tries to assist Steve and Bobby in building their P.C. board.

Man, I hope this works!

MACHINE SHOP



Cassandra proudly admires her work.

Mr. McGee aids Johnny on his classroom project.

SECRETARIAL SCIENCE

Lucille concentrates on finishing her typing assignment.

Ora and Janice polish up their typing skills.

Twala checks her note cards for accuracy before handing them in.

VOCATIONAL

Louella wonders if her machine is threaded correctly.

Vivian trims the edges for the final touch.

Mark works rapidly to finish this birthday cake.

Ann tests the icing.

Building & Construction

Instructors Martin and Robinson supervise installation of playground equipment.

Skilled hands work well.

Kerry hopes he has found the solution to the problem.

Above: Let's give her a perfect manicure!
Below: Carrie explains the low-style haircut.

AUTO BODY & MECHANICS

Milton must bore the holes carefully.

Mr. Harris shows Tommy how to identify a worn-out pipe.

When Wendell finishes sanding, he can paint.

Glen takes his turn boring the holes.

Mr. Hubbard shows Micheal the metric measurement.

Tim is ready to put the mortar on the brick.

Jeffrey doesn't get excited in front of the camera.

Mario and Sam studies the parts of the motor.

I hope this doesn't shock me!

HINDS JUNIOR COLLEGE DISTRICT

UTICA, MISSISSIPPI 39175-9599

VICE PRESIDENT FOR UTICA CAMPUS

December 17, 1987

Dear Uticanites:

The Uticanite staff has worked diligently to capture the memories of the 1987-88 school year. This staff, along with its advisors, deserves congratulations for a job well done.

Through these pictorial reflections, we can envision what an institution is to help develop the total individual rather than just contribute to his or her academic growth. The yearbook staff has taken painstaking efforts to reveal what has transpired across the year that was a part of student life to enhance the totality of student development. We can all reminisce over what was, what is, and what will be as a result of this school year through this descriptive view of life at Utica.

As vice president of this institution, it has been both a challenge and a privilege to work with each of you. We, working together, have caused this institution to thrust forward. Not one of us, but all of us together, can continue to make this an institution on the move as demonstrated in this yearbook. However, I challenge each of you to offer your continued support in our efforts to provide quality education.

Respectfully yours,

George E. Barnes

SUPPORT STAFF

The backbone of an institution are those faces that are rarely seen. The ones that make the difference. Among them are the maintenance, food service and transportation staffs. They all play an individual and unique part in the operation of the total unit. We are grateful to those who give their all—their best—not for praise nor recognition but, because they care. They take pride in not just doing a job, but in doing it well.

The height of an institution soars as high as the imagination, determination and ability of its people. Most limits are self inflicted. The Utica Campus faculty, staff and administration have a keen sense of its purpose and is constantly on guard to serve. The Administration works not only as leaders but as role models for its students. The future hinges on such leadership.

NURSEY SCHOOL

Hi! My name is Nakia. I enjoy watching cartoons and riding my bike. My favorite color is orange. My favorite food is an orange. I would like to be a teacher like my mother. My zodiac sign is Aquarius—Nakia Davis

Hi, I am Charlotte and I am a Tarus. In the future, I hope to be the most beautiful ballet dancer in the world. When I'm not daydreaming about dancing, I cuddle up and read a good library book or watch 'My Little Pony'. My favorite food is macaroni and cheese. I also love it when it snows, because I like to build snowmen—Charlotte Dixon

Hello, my name is Danyale. I wish my mother would get me a dog. Until then, I entertain myself by reading my favorite book, 'Georgy Porgy Nursey Rhyme' and by watching my favorite television program, The 'Smurfs.' My favorite color is blue and I was born under the zodiac sign of Pisces—Precious, Danyale Hillard

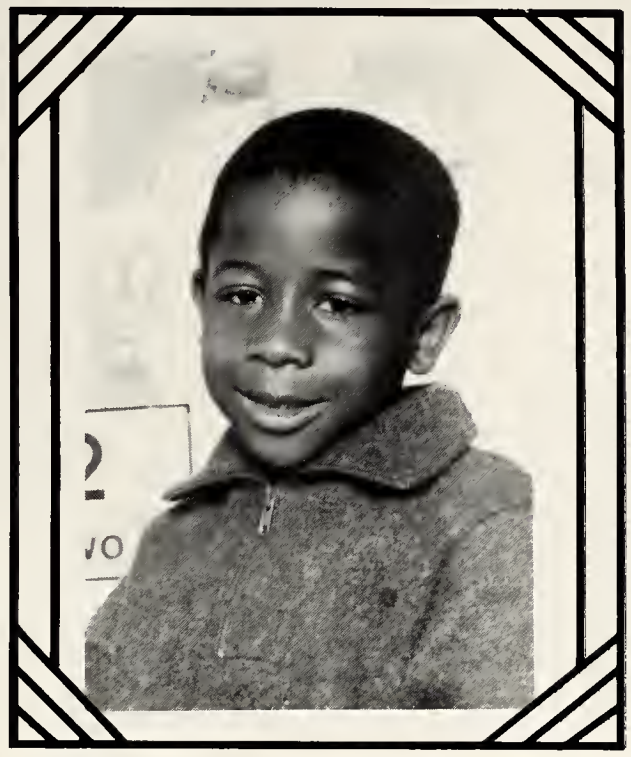
My dream is to become a dentist. I enjoy reading the "Three Little Bears' and watching the news. My zodiac sign is Libra and my favorite colors are red, blue, and yellow. I love to eat Red Rose Sausages and play with my toys.—Cory Horton

Look for me around the year 2004-2005. I'll be the biggest show stopper on Broadway. Yes, my ambition is to dance into the hearts of people throughout the world. Meanwhile, I'll just enjoy snuggling up in my Daddy's lap with my favorite book, 'Little Red Riding Hood.' My favorite television program is 'The Cosby Show.' My wish is to go to college. I love basketball. My favorite color is red and my favorite food is an orange.—Shamekia Mason

To become a professional basketball player is a big dream, but I plan to turn it into a reality. Hi, I'm Carey, and one day I hope to be a pro basketball player. I'm a Sagittarius and I love to read 'The Three Bears' and watch Sesame Street. My favorite color is green and my favorite food is icecream. I wish Mommy would take me to Pizza Hut again soon, because next to icecream, I love pizza. When I'm not playing basketball, reading or watching T.V., I'm having fun riding my bike.—Carey Mays

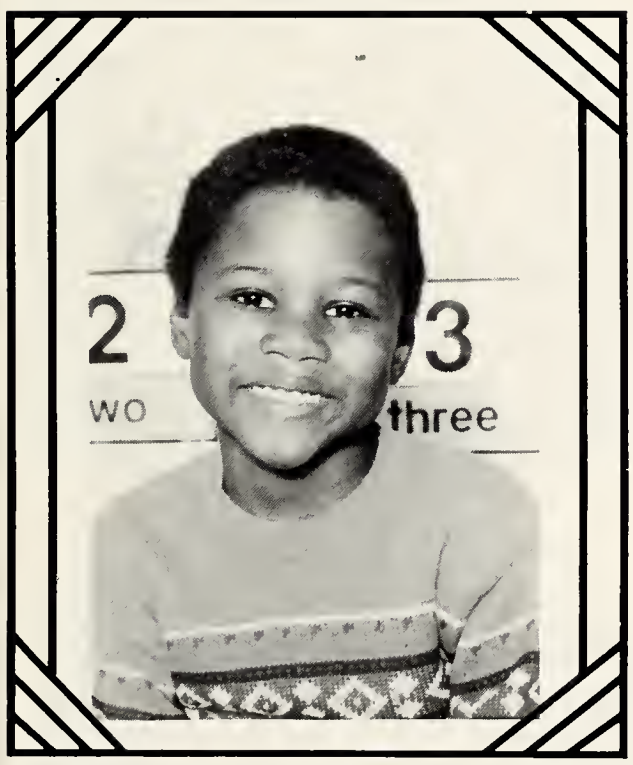
CHILD CARE DEVELOPMENT

I enjoy watching cartoons and playing with my dolls. I plan to be a teacher. My favorite color is pink.—Kristy Murray



In enjoy reading "The Cat in the Hat." My favorite cartoon is 'Thunder Cat." I like catfish and the color red, playing with my toys and being at home with my mother. I plan to become a chef. I am a Gemini-.—Micheal Neal

Hi, I'm Chris, a Pisces. In the future, I want to become a publisher. I like to watch 'Mighty Mouse and Duck Tails.' Tuna Fish is my favorite food, and orange is my favorite color. When I am not watching T.V. or eating, I'm riding my bike. I am trying my best to be good so my parents will buy me a radio.—Christopher Rae



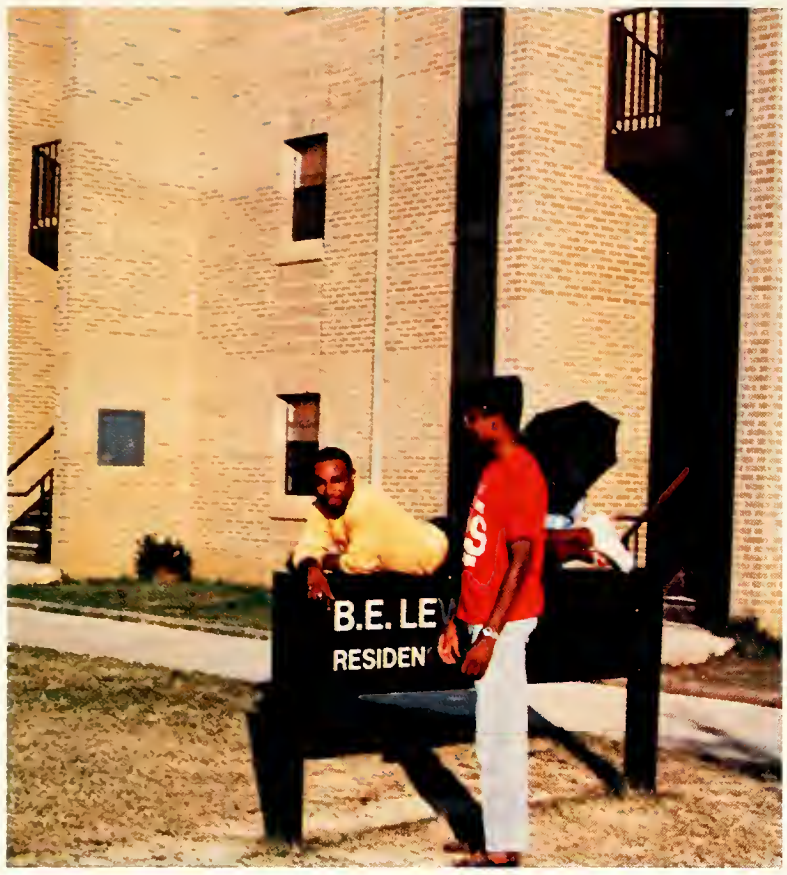
My name is Robert, but you can callme "Doc." I hope to become a well known physician. I enjoy my ABC Book and watching 'Thunder Cat' on television. I wish Mom would take me to Chuck 'e' Cheese. My favorite food is pizza and my favorite color is red. I am a Pisces who loves playing with my toys.—Robert Smith

Hi, my name is Jonathan and my zodiac sign is Virgo. Because I want to be an engineer when I grow up, I enjoy building things with my hammer and screws. When I am not building, I like to read my favorite book, 'The Three Bears' and watch the 'Cosby Show.' Lately, I've been trying to be a good boy, that way, my parents will take me to Disney World.—Jonathan Stokes

I plan to own a chain of grocery stores. I enjoy reading "The Three Little Pigs" and watching Alfie on television. Presently, my favorites in life are the color red, pizza, french fries, peaches, reading, puzzles, games and Mom and Dad. I was born under the sign of Sagittarius.—La'Quanda Williams

FEATURES

CAMPUS LIFE



Whether at ease,

at work,

or at play,

Utica's students have new and positive attitudes.

EVENTS

A NEW ATTITUDE

New activities have been organized to accomodate the needs and wants of our dormitory students. Activities such as the softball games are just one of the many activities and events we have planned for the students. Entertainment including games, dances, movies, and picnics are some activities to keep the students from becoming bored.

(TOP) HEY! WHERE DID THIS COME FROM!

OPEN HOUSE

ERIC TELLS RICARDO THAT HE MUST WORK OUT HARDER IF HE PLANS ON MARRYING JODY WATLEY. WORK THAT BODY!!!

The AWESOME FOURSOME, (Daisy, Arlene, Cleopatra, and Crystal), relax with a very close friend, Cynthia Franklin, after a long day of work in the annual room. Their Motto: One For All And All For One.

Giovanna cuddles up with her stuffed animals after the announcement that she was elected as Ms. Sophomore.

HELP MAKE UP UTICA

Nichelle swings hard.

Frederick, a skilled player, stampedes his opponent in men's singles.

CHOW TIME

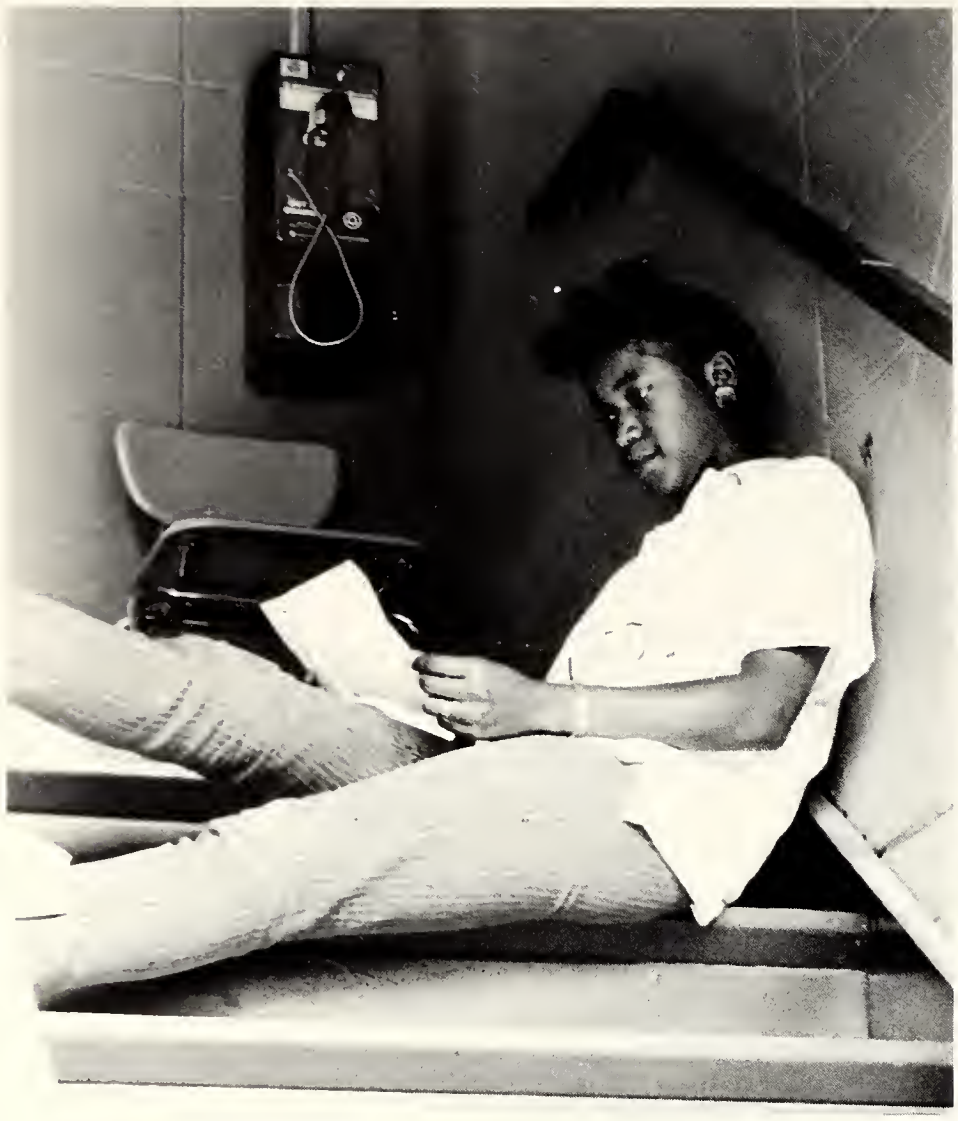
Dr. Barnes FINALLY meets THE AWE-SOME FOURSOME!!

Stacey plays it cool as she receives her plate. Kim gets happy. Lora is caught asking for more and Barbara waits patiently.

Fong and Yolanda are prepared to take a picture, Tammy insists that Trina turns around.

Robert says a prayer before receiving his food which looks mighty good to Freddie and Sammuel.

STUDENT LIFE



Please, let him call because this letter is not enough.

Pat greets all of her friends, while Nelvis observes.

Sandra is relieved, because class is over.

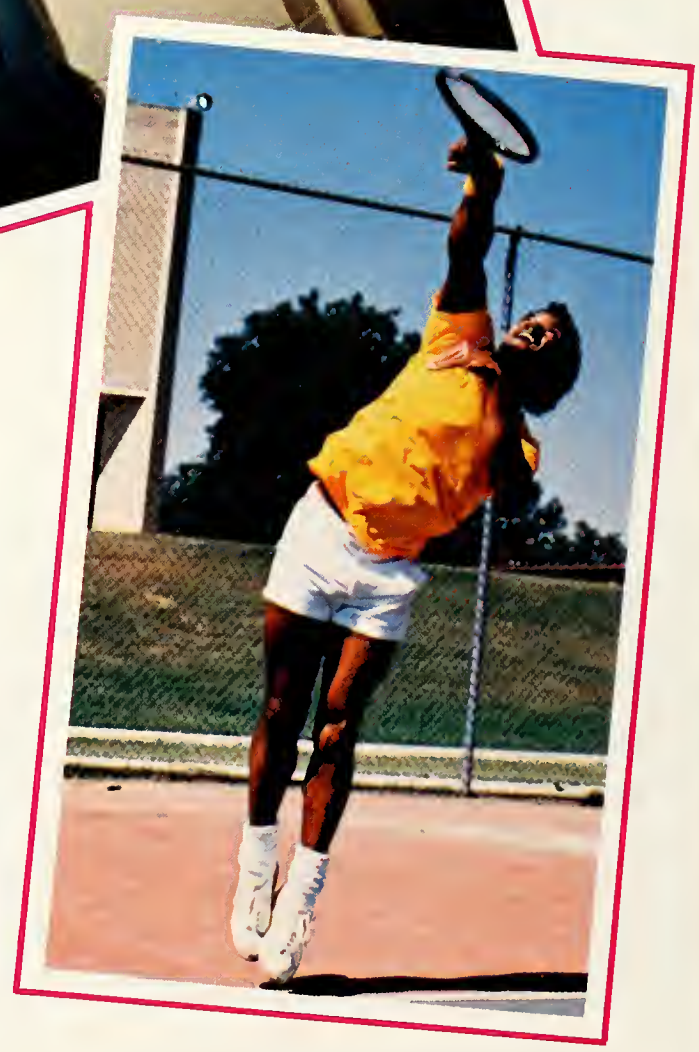
Fong and Cynthia try to put the phones to good use.

Sam reminds John about the foul up that he made in basketball practice.

Patricia faded her blue jeans AGAIN!

Finally, the right mail box!

Laverne races Ora to the DINING HALL!!



The Utica student body is composed of many different people from all over, from other cities, states, and even other countries and yet we blend and harmonize perfectly together to form the Utica Spirit. The Utica Spirit can be seen all over the campus; in the classrooms, at ballgames, and even in our relationships with our friends.

The people here are what make up Utica, without them the buildings and facilities on campus would be just that—old buildings. They are the people who we will meet again in one place or another. They are our companions, our playmates, our classmates, and our friends.

Probably the greatest reward of our time passed here at Utica is not in a diploma, but in the love and respect of a friendship. Even though each person defines friendship differently, we all agree that it is necessary and worthwhile. A shoulder to cry on in times of trouble, someone to turn to and a heartfelt smile and encouragement are what makes life more special. Friendship is a system of giving and without the system life would be a very lonely place. The friends here at Utica are very important and the friendships we have formed while in college will never be forgotten.

My fellow classmates:

It is with honor and pleasure that I present to the Utica Family, the 1987-1988 Uticanite. Fullfilling the position of Editor of this year's Uticanite has indeed been an enlightening and a challenging experience. Months of work were spent in preparation of this annual. The people who helped to develop this publication are dedicated student workers. So, Crystal, my co-editor, and Daisy and Arlene, my staff supporters, thank you for a job extremely well done. Also, I give special thanks to Mrs. Willie Ealey, our advisor, and Mr. Anderson, our photographer, for their untiring, unselfish devotion.

This yearbook reflects a change here at Utica. In accordance with this year's theme, "A New Attitude," I feel that the Utica family is working collectively to better fulfill its mission. Our students have formulated new ideas. We have reinforced our goals. I feel it is necessary for the members of the Utica Campus Family to uphold "The New Attitude." It is the responsibility of the students because we are the ones who make Utica what it is. I hope all viewers enjoy observing the pictures, reading the captions, and just reflecting on the pleasant moments of the 1987-88 school year.

Sincerely,
Editor, Cleopatra Erves

Mr. Robert Anderson
Campus Photographer

Desmond McElroy
Student photographer

To all of the readers of this book,

Putting the yearbook together takes much dedication and hardwork. It is not all fun and games. One must be willing to work long extra hours to really get the yearbook done right. First, one must come up with a theme for the book. We chose as our theme, "A New Attitude," because we wanted to be a little different. Instead of just taking pictures and putting them in the book; we wanted to do things just right.

Next, one must come up with a design or make a layout. This takes time, sometimes even days to get it just right. Next, everything must be put in order. And we must make type sheets carefully because what ever we put on the type sheet goes in the book.

I would like to thank Daisy Sandifer and Arlene Erves for their work and dedication that they gave toward the yearbook. I really enjoyed working on the year book staff. I am planning to join the yearbook staff when I attend USM. I would also like to thank Mrs. Ealey and Mr. Anderson for being by our sides during the rough times.

Yours truly,
Co-Editor, Crystal Jenkins
